

CONCEPT 7 SERIES

A puff of light to illuminate the most discriminating office or home. A shallow contemporary opal acrylic diffuser softly and evenly distributes light at comfortable levels.

Dimensional Data

Specifications

Construction: All metal parts die formed from heavy gauge cold rolled steel housing spot welded to insure uniformity and dimensional stability.

Finish: All metal parts are thoroughly cleaned and treated to prevent rust and deterioration with a phosphate coating applied automatically in a five-stage process. Surfaces are then sprayed with high quality white enamel to provide a minimum of reflectance of 89%. Standard exterior color is white. (Black available upon request)

Diffuser: One piece .170 smooth opal 100% acrylic for a fully luminous light source. Special concealed hinges allow lens to swing down from either side to facilitate relamping.

Wiring: All ballast are 120 volt.

Approval: All units are (UL) approved.
