

VP SERIES

This fixture was designed with a heavy polycarbonate lens and a tamper proof mounting system to deter vandalism in the highest risk areas.

Dimensional Data

Specifications

Mounting: Units must be surface mounted. Adequate KOs provided to insure base of installation.

Construction: One piece housing of heavy gauge steel. Tamper proof screws standard.

Finish: All internal metal parts are cleaned and treated with phosphate coating applied automatically in a five stage process to prevent rust. Surfaces are then sprayed with high quality baked enamel to provide maximum light output.

Diffuser: Manufactured from .187" thick clear polycarbonate with pyramidal prism design on the bottom and vertical perimeter rib for maximum light control and efficiency.

Wiring: Standard ballast are 120 volt.

Approval: All units are UL approved.
