

TS SERIES MIDGET STRIP

Midget fluorescent strips in a variety of lengths and lamp sizes are ideally suited for those limited hard-to-light areas. A perfect luminaire for display cabinets, showcases, and bookcases. Matching reflectors available.

Dimensional Data

Specifications

Construction: All metal parts die-formed of heavy gauge cold rolled steel to insure uniformity and dimensional stability.

Finish: All metal components are phosphate coated and electro-statically sprayed with a high quality baked white enamel with a minimum reflectance of 87%.

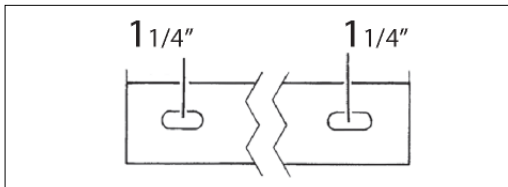

Wiring: All units preheat (starter required). 120 volts (Other voltages available upon request).

Approval: All units are Underwriter's Laboratories (UL) approved.
